

Dear Friends & Colleagues

Warm Greetings!

Recent Publication

Recently Rohana Gunawardena, Director - SAP Practice, had an article published in the leading SAP publication, SAP SCM Expert, published by WIS.

What You Need to Know About Order-Related Inter-Company Billing

Most billing in SAP is delivery related, but you need to use order-related billing for some business processes, such as services. Also, you use inter-company billing, for example, in a triangular trade scenario, in which different legal entities within an organization are responsible for selling and delivering products. Combining these two types of billing results in order-related inter-company billing.

Implementing order-related inter-company billing can be tricky because no sufficient documentation exists that details several configuration nuances. For example, many SAP Notes are helpful but leave out important configuration steps. Based on my experience, I'll walk you through everything you need to know about properly configuring this functionality in your SAP environment.

As our valued customer, we would like to share with you the abstract of the article. You can download this article using the link to our web-page.

We have published many white [papers and presentations](#), which cover many of the business challenges you wrestle with everyday. If you want to discuss business cases involving these presentations or white papers or specific to your industry, please contact us.

New Initiatives

- QS&S now offers [New G/L Migration](#) consulting services

Specifically, if you are planning to migrate from Classic G/L to New G/L, we work along with SAP Americas for the SAP General Ledger Migration services. This is a mandatory service from SAP that ensures that all relevant data is transferred quickly and safely while you implement the New G/L.

- QS&S now offers [Group Currency Conversion](#) services

With the transition to New G/L many customers have found that Group Currency was not activated at initial SAP go-live and is now causing issues for New G/L implementation. Our team can provide the required consulting expertise and QS&S proprietary tools for Group Currency Conversion. QS&S provides a highly competitive solution when compared to the cost of SAP SLO services.

Upcoming Events

- QS&S directors are invited to speak at the upcoming Reporting & Analytics conference being held at Las Vegas. For more information, visit www.SAPReporting2008.com
- QS&S sponsors upcoming Managing SAP Projects - 2008 conference being held in Orlando, FL. For more information, visit www.SAPProjects2008.com
